

BEARING CARGO
OF AMMUNITIONSteamer Antilla Is Drawing Near
to Tampico.

SUPPLIES FOR THE REBELS

Federals Are Determined That the
Munitions of War Shall Not Be
Landed and the United States Has
Repeatedly Asserted Its Desire That
the Port Be Kept Open.Washington, June 6.—Serious com-
plications are expected with the ap-
proach of the steamer Antilla, bear-
ing a cargo of ammunition for the
rebels, toward Tampico.The federals are determined that
the arms shall not be landed and the
United States repeatedly has asserted
its desire that the port of Tampico
be kept open.Admiral Badger has been ordered
to keep close watch on the Huerta
gunboats at Puerto Mexico and Al-
varado.Information reached Washington
that the American schooner Sun-
shine from Galveston has landed am-
munition at Tampico for the Mexi-
can Constitutionalists without inter-
ference on the part of the United
States or the Huerta government. It
was received in official quarters
here without comment.The presence of the Sunshine off
Tampico with arms aboard consigned
to the Constitutionalists had been
known to the Washington govern-
ment for several days.With the Cuban steamer Antilla
en route from New York to Tampico
with arms consigned to Carranza's
forces there has been much specu-
lation as to what the United States
would do in case the Huerta govern-
ment should attempt to blockade the
port.

Will Maintain Its Position.

Every indication, however, was
that the United States would main-
tain its previously announced posi-
tion that Tampico is an open port.Mr. Bryan would not discuss the
question as to whether the delivery
of ammunition would constitute a
violation of the understanding with
the South American envoys when
they undertook the task of concilia-
tion, nor would he comment on the
actual delivery of ammunition as re-
ported from Vera Cruz.Should Huerta decide to attempt
to stop the delivery of ammunition
aboard the Cuban ship Antilla inter-
national law requires that notice of
such a blockade be given all foreign
powers through proclamation, spec-
ifying the port to be blockaded and
defining with geographical exactness
the section of coast to be included
within the scope of such a blockade.International law also stipulates
that a blockade, to be recognized by
foreign powers, must be effective.With reference to Tampico, how-
ever, the harbor is narrow and ac-
cess may be prevented by a single
gunboat unless there should be in-
terference by some superior force,
such as the vessels of the United
States now in Tampico waters.In diplomatic circles the belief is
general that a decision on the part
of the United States to prevent a
blockade would result in many com-
plications and menace success of me-
diation.

GENERAL HUERTA HOPEFUL

Mexican President Optimistic Over
Peace Negotiations.Mexico City, June 6.—Persons who
spoke to President Huerta say he is
optimistic over the outcome of the
peace negotiations at Niagara Falls.The newspapers did not publish re-
ports of any proceedings at Niagara
Falls, but the belief was expressed
that the end of the difficulty is near
and that there soon will be a resump-
tion of diplomatic relations with the
United States.

COMPELLED HIM TO MARRY

Pastor Says Women of Congregation
Forced His Action.Zanesville, O., June 6.—Answering
criticisms of his action in marrying a
second time within a year after his
first wife died, Rev. C. H. Holden,
aged sixty years, of the Market Street
Baptist church, told trustees he was
forced to do it by women members
of his congregation.The pastor explained that unmar-
ried pastors are put in an embarrass-
ing position; that some women were
in the habit of squeezing his hand,
many insisted on whispering endear-
ments and one really proposed.

GUNMEN WITNESS INDICTED

Carl Dresner Is Charged With Per-
jury.New York, June 6.—The grand
jury returned an indictment charg-
ing perjury against Carl Dresner, a
witness for the four gunmen put
to death for the murder of Herman
Rosenthal. Dresner appeared before
Justice Goff the Saturday previous
to the execution when an eleventh
hour attempt was made to save the
condemned men.

nel Theodore Roosevelt arrived here
on board the steamer Olympic on his
way to Spain to attend the wedding
of his son Kermit Roosevelt to Miss
Belle Wyatt Willard. Colonel Roose-
velt was officially welcomed on be-
half of the French government.The private car of President Poin-
caré was sent to Cherbourg for the
use of the former American execu-
tive and M. Nicotux, assistant pre-
fect of Cherbourg, was delegated to
welcome him. Colonel Roosevelt
was greatly pleased at his reception.Colonel Roosevelt declined to com-
ment on the criticisms published
concerning his reported discoveries
in South America.Colonel Roosevelt will leave Sun-
day for Madrid. He left here for
Paris, where he has made arrange-
ments to stay at a hotel until his
departure for Spain.

RAIN OF SALT IN OGDEN

Heavy Wind Over Lake Creates At-
mospheric Phenomenon.Ogden, Utah, June 6.—With the rain
heavily loaded with salt as a result
of a heavy wind across Great Salt
lake a storm broke over Ogden and
the atmosphere changed to a briny
smell, while pedestrians hurried un-
der cover to protect their clothing
from spots that result from such at-
mospheric phenomena.An electrical storm preceded the
rain, but did no damage.

FAVORS SCIENTIFIC STUDY

Head of Northwestern "U" Would
Fight Social Evil as Disease.Chicago, June 6.—"It may take
twenty years or it may take a cen-
tury, but it will be worth while," said
A. W. Harris, president of North-
western university here, in urging
the establishment of a body of sci-
entific experts to study the social evil
as a disease. Dr. Harris was one of
a committee which made a report on
the social evil to the city council.
The committee was unanimous in
recommending the appointment of a
moral commission as a section of the
police department."This whole problem should be
treated as one of disease, not of
crime," said Dr. Harris. "In order to
combat it we should do as we have
done with cancer, set a body of
scientists to studying it."

WAITRESSES GET FREEDOM

Chicago Strikers Agree Not to Prose-
cute Policemen.Chicago, June 6.—One hundred and
thirty-four cases against striking
waitresses charged with picketing a
downtown cafe in violation of an
injunction were non-suited when the
women agreed not to push charges
against the policemen who made the
arrests. The waitresses alleged the
police used unnecessary force in
arresting them, several claiming
they were injured by rough handling.

TO ACCEPT ANY SETTLEMENT

Members of Congress Criticized Officers
Who Allowed Huerta to Get Fresh
Supply of Munitions of War—Bartlett
of Georgia Staunch Defender of State
Rights—Badges For Representatives.

By ARTHUR W. DUNN.

Washington, June 6.—[Special.]—
Several months ago, while discussing
the situation in Mexico with men liv-
ing along the southern border of the
United States, I was told that peace
would come to Mexico only when the
fires of revolution had burned them-
selves out and the people became tired
of fighting.It may be that the United States gov-
ernment has seized the psychological
moment for mediation of Mexican af-
fairs—that is, a time when the Mexi-
can people are so tired of revolutions
and warfare that they will be willing
to accept a sensible settlement of the
existing difficulties.If that is the case the people of the
United States will be thankful. They
will probably feel that the sacrifice of
twenty lives on Mexican soil may not
have been in vain if peace and tran-
quillity can be brought to a neighboring
republic and the lives and property of
Americans be no longer in jeopardy.

Members Did Not Like It.

While there was only mild public
criticism of the incident of landing mu-
nitions of war in Mexico, there was a
great deal of regret expressed among
senators and representatives of all par-
ties that the large force in the gulf
of Mexico should not have been used
to prevent the landing of arms."Those arms have been landed in
another port in Mexico while we stood
supinely by without protest." This
was a remark of Senator Reed, a Dem-
ocrat of Missouri, in the senate.Senator Lodge, a Republican, in a
much more mild statement said that
the landing of the munitions of war
was wholly in accord with interna-
tional law because no blockade had been
declared by the United States and that
the ports of Mexico, with the excep-
tion of Vera Cruz, which is in the
hands of the United States, were open
to the peaceful commerce of all na-
tions.

Represents the States.

The real defender of states' rights in
the house of representatives is Con-
gressman Bartlett of Georgia. He was
opposed to the amendment for the
election of senators by direct vote of
the people because that amendment
vested in the national government the
power to control the election of sena-
tors, just as it does the election of
members of the house. Recently Bart-
lett has been fighting legislation to
carry out the provisions of that amend-
ment on the same grounds. Bartlett
believes that there is a great menace
to state sovereignty in the legislation
which has recently been adopted.

Badges of All Sorts.

A resolution has been introduced in
congress providing that officers of the
government, including senators and
representatives, should wear a sprig
of evergreen tied with a bow of tri-
colored red, white and blue ribbon on
every Memorial day. As I remember,
many members of congress and other
officials wear a little American flag on
the Fourth of July, a flag or a bit of
cherry tree on Washington's birthday,
a shamrock on the 17th of March, a
carnation on one day that is called Mc-
Kinley day, a white rose on Mother's
day and perhaps some other designa-
tions for days that they desire to have
remembered. Next we will be having
a resolution for wearing an arm and
hammer on Labor day, a turkey on
Thanksgiving, and perhaps by that
time some one will think of a badge
that will do for poor old dad, who is
yet without his day.

One on Harry Lane.

It has been the custom in the senate
for years untold to allow a senator to
hammer away on a speech to empty
benches and then for senators the next
day to go around and congratulate him
upon the magnificent effort he made,
saying that they were called out of the
senate, but had read the speech in the
Record. Several days ago Senator
Jones of Washington made a speech on
Panama canal tolls, but he withheld it
from publication for a few days.Senator Lane of Oregon went over to
see his friend from the adjoining state
and put up the same story, explaining
that he was unable to be in the senate,
but that he had enjoyed reading the
speech in the Record. "How did it get
in the Record? I did not put it in!"
exclaimed Jones. An examination of
the Record showed that the speech
was not there, but by that time Harry
Lane had faded away.

Worked "Honest John."

More than half a dozen senators
wanted to go out and play golf one
day, and they put up a joke on "Hon-
est John" Shanforth. Later the point
of no quorum was made, and during
the roll call the Colorado senator arose
and reading the list of names, an-
nounced that those senators were "ab-
sent on business of the senate." He
learned afterward that they composed
the senatorial golf team.

lute necessity for family prayers?"

GLYNN DODGES SUFFRAGISTS

New York Governor Says He's Not
Opposed to Movement.Albany, N. Y., June 6.—Governor
Glynn declined the invitation of
women suffragists to speak at a
meeting here. The governor told a
delegation that he was not opposed
to woman suffrage and that he
thought "it is coming," but added
that he did not feel the time was
ripe for him, as the chief executive
of the state, to participate in a pub-
lic demonstration.WOMEN CONTINUE
VIOLENT METHODSEnglish Militants Resort to Ar-
son and Explosives.London, June 6.—The campaign of
arson and attempts at destruction of
property by means of bombs was con-
tinued by the militant suffragettes.
After Broadchurch church, an historic
place near Derby, was burned to the
ground an amateurish bomb was
found in Duddhoe castle, near Dun-
dee, once occupied by John Graham
of Claver House, killed in 1689 in the
battle of Killiecrankie. The fuse had
been extinguished by the wind.
Sylvia Pankhurst, on an invalid
chair, made another appearance at a
suffrage meeting and repeated her
threat to lie on the steps of the house
of commons without food or water un-
til Premier Asquith consented to re-
ceive a deputation of her followers.The National Union of Woman's
Suffrage societies is doing its utmost
to overthrow the Asquith government,
the entire onus for the defeat of the
woman suffrage bills being placed up-
on the premier, and at the same time
help the Labor party, the only one
supporting the women.

CLEARED OF SLAYING WIFE

Acquitted After Killing Woman Dur-
ing Scuffle in Hotel.Kinsley, Kan., June 6.—Fletcher
McCully, a farmer of Salina, Kan.,
was found not guilty of a charge of
murdering his wife. McCully killed
his wife while trying to shoot Frank
Denning, a hotel proprietor. The
shooting occurred in the lobby of the
hotel. Mrs. McCully seized her hus-
band's arm and was shot while strug-
gling to protect Denning.

FEDERAL AID FOR IDLE MEN

Sociological Workers Appear Before
House Committee.Washington, June 6.—National
legislation to deal with the problem
of unemployed labor was urged be-
fore the house labor committee by a
delegation of sociological workers.
The delegation supported the Mur-
dock bill for a national employment
agency and the MacDonald bill to
create employment agencies at the
various postoffices throughout the
country.It is expected that the committee
will report some legislation along
this line at this session and will
press it in the house next winter.

Raleigh, N. C., June 6.—A woman
suffrage resolution was hissed down
in the Democratic state convention.
One vote was registered for it.

DELIVERY BOY ENDS LIFE

Drinks Carbolic Acid When Dis-
missed by His Employer.Bozeman, Mont., June 6.—Louis
Nahlinger, a delivery boy who lost
his place, drank a four-ounce bottle
of carbolic acid and was found dead
in a grove near town. Statements
made before the deed left no doubt
that it was depression and anger
caused by the loss of his position,
which he had held four years, that im-
pelled him to the reckless deed.PASSES THREE

BILLS NOW GO TO SENATE

Covington Interstate Trade Commis-
sion Bill Passes Without a Record
Vote, Clayton Omnibus Measure Re-
ceives 275 Votes to 54 Against and
Rayburn Railway Capitalization Bill
Gets 325 to 12.Washington, June 6.—Three bills on
the administration trust legislation
program passed the house and were
sent to the senate for action there.Opposition melted away when the
final test came and the voting went
through quickly and without incident.The Covington interstate trade com-
mission bill was passed without a re-
cord vote; the Clayton omnibus
anti-trust measure received 275 votes
to 54 against it and the vote on the
Rayburn railroad capitalization bill
was 325 to 12.In the vote on the Clayton trust bill
in the house there was an even di-
vision in the Republican members
present in the Minnesota delegation.
Those voting for the bill were Repre-
sentatives Anderson, Davis and Lind-
bergh. Representatives Stoenerson,
Stevens and Volstead voted against
the Clayton bill. Three of the dele-
gation, Representatives Manahan, Miller
and Smith, were absent.They are in Minnesota looking after
their various campaigns. All of the
Minnesota members voted for the
trades commission bill and the Ray-
burn bill for federal regulation of the
issuance of railroad securities. Repre-
sentative Hammond, the Democratic
member of the delegation, voted for
all the bills on the administration pro-
gram.

GROWERS REALIZE MISTAKE

Sold Their Wool Before Clip and
Prices Are Rising.Great Falls, Mont., June 6.—Twen-
ty-six million pounds of wool as the
Montana clip for 1914 is the predic-
tion of Joseph Streng, veteran wool
buyer, who has been visiting this
state for twenty-five years. Mr.
Streng bases his estimate on a care-
ful survey of conditions.Shearing is just getting well un-
der way. The bulk of the wool was
contracted for in January, February
and March on the backs of the
sheep. The buyers smile for this
wise move, for much of the wool was
bought around 15 or 16 cents, while
they are offering 18 to 19 cents now
and some of the better clips have
been recently disposed of at 20
cents.The flockmasters who sold early
concede they made a mistake, but
they were confronted with the fear
that the change in the tariff sched-
ule was going to hurt the market.

GREAT DAMAGE MAY RESULT

Heavy Rains Turn Black River Into
Raging Torrent.Neilsville, Wis., June 6.—Swollen
from heavy rains the Black river is
a raging torrent. Reports from
towns along its banks, both north
and south of this city, are that a
repetition of the Black River Falls
disaster of three years ago may be
repeated.At Greenwood, thirty-five miles from
here, the municipal light and power
company's dam was swept from its
foundation and 250 feet of concrete
levee torn away. The water is sev-
eral feet deep in the streets and
small buildings have been washed
away.At Hemlock, forty-two miles north
of here, the saw and roller mills of
the T. O. Withee Lumber company
were washed down the river through
the bursting of a dam.

Fire last night destroyed the home of S. A. Stanley, 1611 Tenth street Northeast. The house was a story and a half high and had six rooms. It was burned to the ground and very little furniture saved. On the house was \$500 insurance and on the furniture \$500. Mr. Stanley had been painting a floor and there was a little fire in the stove. He was about

200 feet from the house working at something else when he became aware of the blaze. Northeast Brainerd neighbors did what they could to save the building and contents and the Central Hose company was notified. The building was beyond the fire hydrant area.

"NOT GUILTY," IS SMITH CASE VERDICT

Demonstration in Court Room Marks
Reception of the Verdict at
11:15 Last Night

JURY OUT ONLY 10 MINUTES

Carlton P. Smith, of Deerwood,
Declared Not Guilty of a
Statutory Offense

Out but ten minutes, the jury in the case against Carlton D. W. Smith, of Deerwood, charged with a statutory offense, returned a verdict of not guilty at 11:15 last night. The reception of the verdict was marked with loud applause on the part of the many spectators who had listened to the arguments of counsel in the district court commencing at 7:45 in the evening.

Tears coursed down the cheeks of Smith as he embraced his wife and the little woman who had shown her faith in her husband and whose fortitude was commented on by many, cried with joy when the dreadful suspense was over.

Smith was defended by Warren E. Greene, county attorney of St. Louis, county, and by Harry F. White, of Duluth. The case lasted a week and over 30 witnesses from Deerwood gave evidence.

County Attorney G. S. Swanson appeared for the state and conducted an active prosecution.

He marshaled his evidence in good shape. His address to the jury was well made and was listened to with the utmost attention. Speaking entirely without notes, he remembered every phase of the matter. The state's case was as ably presented as it was possible to do.

Mr. Greene's closing argument was a brilliant effort. County Attorney Swanson, said Mr. Greene, had spent an hour and a half in his arguments, and judging from his talk it seemed that the defendant had to prove himself innocent beyond a reasonable doubt. The law, said Mr. Greene, is not without humanity. It presumes a man innocent until proven guilty. The state must prove its case beyond a reasonable doubt.

"I don't have to hammer on a reasonable doubt," said Mr. Greene. "If Smith was not proven innocent, no man was ever proven so in court of law. I am not asking for a verdict on any reasonable doubts.

The state's case rested on the evidence of the girl, said Mr. Greene, and so it was necessary to bring out the character of the girl.

"Mr. Swanson," said Mr. Greene, "will endeavor to brush aside reference to a conspiracy. But that has not been taken away from the jury. It was a conspiracy to get Smith out of Deerwood. The people who started it never thought they would land in the district court of Crow Wing county."

In vigorous language Mr. Greene sketched events from that eventful evening on May 18. He related how Smith had told Masson at the Deerwood depot that if the girl called up on the telephone, not to call him to the phone. Smith had spoken decently of the girl. And yet Mr. Swanson wanted to use these two incidents against Smith, and that he was to be condemned because he had spoken decently of her. In other words, he was trying to take everything decent he had said of her to use against him. Conspiracy was present, said Mr. Greene. He argued that Lamey and Masson kept tab of Smith, that Lamey notified Ellmore and the latter two then found Smith in the house with the girl. Lamey had told three different stories as to why he was near the Smith house. One story was he had been hiding back of the woodpile, another that he was in the shadows near Benson's store. Why was he hiding, except that he knew something was to happen? Who told Lamey about Smith and the girl?

Greene scored the Deerwood marshal. In closing, Mr. Greene said he wanted sympathy. If they desired sympathy at the hands of the jury

they would have brought with them Mr. Smith's little boy, but instead they left him at home.

Called at 3:30

BATTERY, VICTOR AND GAVEN

Many Brainerd Fans to Accompany
Team Sunday Noon, Return-
ing on Evening Flyer

Brainerd plays Staples Sunday afternoon at 3:30, the game being called at 3:30. The Brainerd battery will be Victor and Gaven, for Staples Ellis and Schroeder.

The rest of the Brainerd lineup, subject to change, is Cook first base, Bud Roderick second base, Templeton third base, George Erickson shortstop, with Bush, Parker and Gill in the field.

The Staples team has the snap and ginger to play good ball. Brainerd has never been beaten this season, so all fans can depend on a good game.

A large number of Brainerd fans will take the noon train to Staples, and will have the chance to see the game and get their supper in Staples, returning on the evening flyer which gets to Brainerd at about eight o'clock. The fare to Staples is 60 cents.

The M. & I. clerks would like to have a game with the Drummers or Merchants teams for some Saturday afternoon.

CIRCUS HERE MONDAY

Al G. Barnes Wild Animal Show Ar-
rives in Brainerd Sunday and
Shows Monday

Visitors to the Barnes show can expect to be entertained, there need be no doubt about it. Not alone will they have the chance to witness an original line of clean, wholesome, new entertainment, but will also have the opportunity to secure a line of natural history knowledge, unobtainable in any other manner. To see hundreds of wild animals, in one collection—animals that are brought out into the open, where one has a clear-view chance to study them, is something very unusual.

The animals of the Barnes show are all actors—every one has a part to perform—they all earn their keep. In fact, the shows entire program is given by trained animals. Sixty-five big features and acts are presented.

The laughing part of the show is provided by forty clever clown mules, bears, dogs, elephants, goats, monkeys and ponies.

A four-band, new-feature, mile long street parade is presented to the public at 10:30. Performances are given at 2 and 8 P. M.

The date for Brainerd is Monday, June 8.

DEVELOPMENTS OF WEEK ON RANGE

Brainerd-Cuyuna Mining Co. has An-
nual Election of Officers, Re-
elects all

DRILLING 3RD HOLE POOR FARM

Second Hole Located 25 feet of Ore—
News of the Drills on North
and South Ranges

The Brainerd-Cuyuna Mining company held its annual election of officers in Brainerd, at the Commercial club rooms. The old board of directors was re-elected, including F. A. Farrar, Edmond Ingalls, Henry Nelson, Charles C. Jones and John O. Martin. These directors met later and elected as officers President F. A. Farrar, vice president Henry Nelson and secretary-treasurer Edmond Ingalls. The report of the general manager Charles C. Jones was received with much satisfaction. A large representation of Brainerd stockholders was present including also some from Wisconsin. Prominent among these was O. J. Vorhaus, of Bayfield. Shaft No. 2 is now being sunk on the property within the city limits of Brainerd and ledge will soon be reached by Capt. John O. Martin.

The Crosby Exploration Co. drills are quiet at present. Supt. Spencer, of Duluth, has succeeded Ben Misen. The Seaford Exploration Co. drills are working for the Cuyuna-Sultana Co. and the Iron Valley Mining Co. and other parties. Near June lake in section 9, township 46, range 29 Minneapolis men are sinking a test pit. A test pit is also being sunk on Cuyuna-Sultana property and is now down 30 feet. F. A. Edison has three drills working near Cedar lake, one in section 29, township 46, range 27, one on the Nelson farm in section 30, township 46, range 27. Minneapolis men are operating a drill in the west half of the southwest quarter of section 10, township 46, range 28 on the Haaland land. J. A. Stetson, of Deerwood, has taken an option on 240 acres in section 29, township 47, range 29, the land being situated in the north half of the northeast quarter and the southwest quarter. George H. Ebert, of Duluth, interested in on 80 acres in the east half of the southeast quarter of section 3, township 46, range 28, was on the range this week. Hopewell Clark, of St. Paul, formerly with the land department of the Northern Pacific railway, was on the range this week. Jameson and Peacock were investigating their holdings on the range this week.

Dr. O'Brien of Superior, has taken a drill from section 13, township 47, range 28. Some good results had been shown there.

The Adams mine at Orelund on the south range is hoisting ore and using its new electrical pump installed by the Cuyuna Range Power Co. The Wilcox mine at Woodrow has its shaft down 70 feet and is rapidly approaching ledge. McCullough and Cheney, Minneapolis railway contractors, have started work on the track from Loerch on the main line of the Northern Pacific railway to the mine.

The Cuyuna-Mille Laes mine north of Ironton has started shipping to the Dunbar furnaces in the east. The Duluth-Brainerd mine is drifting to the ore body at the 150 foot level. The Pennington pit mine is stripping along the south bank of the pit, having one shovel at work. The Rowe pit mine and the Thompson pit mine of the Inland Steel Co. are preparing for shipment.

The Armour No. 2 mine in Crosby and the Kennedy mine of the Rogers, Brown Ore Co. at Cuyuna are hoisting from shaft to cars and shipping. Neither has yet touched its large stockpiles accumulated in the winter. J. J. McAuliffe, Wm. Rock, Patrick Hammet, George Millosen, George Farrel, J. D. Kenna and Oscar Fleer, directors and stockholders of the Cuyuna Central Iron Co., visited their property on the north range. This company has developed a fine mining property in section 27, township 47, range 29, already proven to contain a large body of high grade ore. They also hold options on some good land in section 28, township 47, range 29, and expect to do some more drilling on their property. They have four drills working about half a mile from Manganese. Some time in June arrangements will be made for an excursion to the property, participated in by all stockholders and their friends.

The M. A. Hanna Co. on June 29 will cancel its lease with the Brainerd Mining Co. covering the Barrows mine. The subsidiary, the Virginia Ore Mining Co., will discontinue mining at this point. The night crew has been discharged. There is a day crew at work. Shipping is in progress from the mine's stockpile. The Barrows mine shipped 10,000 tons last year and more than doubled its shipments this year. It is said the company gives up its lease because ore of a like quality can be mined on its Michigan holdings by the open pit method. The fee owners, the Brainerd Mining Co., will in the future it is said, either have a new company operate the property or may mine it themselves. Barrows people and others on the south range

are confident that a property proven as rich as the Barrows holdings will not lie idle very long.

Superior men interested in the Barrows-Mississippi Iron company were on the south range Wednesday and accompanying John Wahl were Vern Frisk, Nels Olson and Oscar Westberg. The Barrows-Mississippi Iron company controls 10 forties adjoining Barrows townsite to the north and west of the townsite. Drills are to crosscut the north and south ends of the property. The property will then be divided into four leases covering parts of the northeast quarter and the southeast quarter and the north half of the northwest quarter of section 9, township 44, range 31 and the grantees will more fully drill their respective leaseholds. The officers of the mining company are President N. McPhee, vice president Verne Frisk, secretary, M. H. Giffen, treasurer John Wahl. It is a closed corporation capitalized at \$30,000.

George H. Crosby has returned from Pasadena, Cal., and will devote considerable time to the range. He spent the winter in California. The summer season will find many who are interested on the range spending the weekend or the entire season at Serpent lake, which is justly growing famous as a summer resort. Towns on the lake are Deerwood and Crosby, with Ironton, Cuyuna, Manganese, Iron Mountain, Orelund, Woodrow and other towns and the north range and some of the south range mines but a short distance away.

At the county poor farm the Longyear Co. has completed the second hole at a depth of 361 feet with ore running better than 50 per cent for about 25 feet extending from about 275 feet to 300 feet. The company is now at work on the third hole.

SALVATION ARMY

"Empress of Ireland" Disaster Mem-
orial Service to be Held
Sunday, June 7

A memorial service will be held on Sunday night next, June 7th, in memory of the Canadian officers and soldiers of the Salvation Army, over 100 in number, who perished in the terrible calamity of last week.

An authentic list of names of those Salvationists who were drowned, those who were rescued and those whose bodies have been identified will be read at this meeting. Items of promoted officers careers given and experiences of wreck and after.

Services in Army Hall, 219 South Fifth street, commencing at 8 P. M. Everyone cordially invited to attend.

E. A. LAVERICK, Capt.

At the Columbia

The shows given at the Columbia today and tomorrow as given in their add are entirely and distinctly out of the ordinary picture class. They are masterpieces of fiction and romance. If more really knew the great productions being given these days at the Columbia the attendance would be greatly increased.

Notice

After June 5 accounts owed me will be in the hands of a collector. Persons wishing to can call at my residence until that date.

There is more Catarrh in this section
of the country than all other diseases
put together, and until the last few
years was supposed to be incurable. For
a great many years doctors pronounced
remedies, and by constantly failing to
cure with local treatment, pronounced it
incurable. Science has proven catarrh
to be a constitutional disease, and there-
fore requires constitutional treatment.
Hall's Catarrh Cure, manufactured by
F. J. Cheney & Co., Toledo, Ohio, is the
only Constitutional cure on the market.
It is taken internally in doses from 10

"Lucille Love"

Part 7

Tonight

The story of Lucille Love is a fascinating one, full of originality, always clean and interesting. This part shows the rescue of Lucille and Loubeque by the Chinese merchants. You'll enjoy the novel Chinese village and watch with keen interest the attempt to rob Lucille of the ruby. Also the recovery of the papers by Loubeque.

PICTURE STORY PANAMA CANAL

Thrilling Description of World's
Greatest Engineering Feat,
Now Nearing Completion.

A PROFUSE ILLUSTRATION.

Dr. Frederick Poole of Philadelphia Will Present Scenes From Life on the Great Works—Buildings of Panama-Pacific Exposition—Educational and Inspiring.

Now that great interest is centering on the Panama canal and the Panama-Pacific International exposition to be held in celebration of the completed task it is eminently appropriate that the Chautauqua should serve as a vehicle of information on the subject.

Dr. Frederick Poole of Philadelphia has been secured for this position, and

DR. FREDERICK POOLE.

he comes equipped with a powerful stereopticon and a magnificent collection of beautiful slides and motion pictures showing all the scenes of interest both on the canal and to be seen at the exposition.

Dr. Poole is qualified as few men are to tell the story in an interesting way, and altogether it should prove one of the best features of the Chautauqua.

PELICAN CREEK RIPPLES

Clarence Erickson has accepted a position as engineer for a construction company up north of Bena at Ball Club and has gone up to work.

J. N. Beavers received a telegram from Bloomington, Ill., of the serious illness of their daughter, Mrs. Wm. Hollan. Mr. Beavers and wife left on Saturday night's train from Pequot for Illinois.

Dr. J. L. Camp and A. J. Gaffke called on Mr. and Mrs. A. T. Kimball Sunday, looked Cods farm over, had dinner, had a little spin around the country in the Dr.'s auto and everybody felt happy. The Dr. takes a good deal of interest in farming. Come again Dr.

Mrs. Adelbert Robinson was calling on Mrs. A. T. Kimball and Mrs. Wm. Haselhorst Sunday. She is much improved in health for she drove her own team up from the Mission.

People up this way have gone to work in earnest. The farmers have made more improvements between Cross Lake and Pequot this spring alone than has been done before in the last six years. The new settlers that came in are all good workers and guess good farmers, you don't have to ask, just look at their places, that speaks for them. They also brought in some good cattle and horses and farming implements.

Mr. Wm. Haselhorst has been very sick. He had a very severe attack of pneumonia, called the doctor from Pequot to attend him. By good care he is now able to be out but looks pretty feeble yet. His son-in-law, James Ellwood, wife and two children from Laurel, Mont., are here on a visit. Mr. Ellwood is an engineer on the N. P. railway.

REAPING BENEFIT

From the Experience of Brainerd People

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Brainerd residents on the following subject will interest and benefit many of our readers. Read this statement. No better proof can be had.

Charles Ellison, 512 S. Quince St., Brainerd, Minn., says: "My kidneys were disordered for several years and seemed to be gradually getting worse. I was taken with such awful pains in my back that I had to go to bed. Medicine patched me up somewhat and I got out in a few weeks, but I continued to suffer severely. I was finally advised to use Doan's Kidney Pills, and I got a supply at H. P. Dunn's Drug Store. A few boxes put me in good shape, driving away all the kidney ailments. You can keep on publishing the endorsement I have given Doan's Kidney Pills, whenever you want to. The benefit they gave me has lasted."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ellison had. Foster-Milburn Co., Props., Buffalo, N. Y.

WHITEFISH NEWS

Chas. Ostlund visited at the Wall home Sunday.

Miss Samford from St. Paul, is up to spend the summer with her brother Louis Samford.

The Cross Lake school, where Miss Jennie Harris is teaching, gave a picnic Saturday on the point at Old Headquarters. We all reported a good time and had plenty of ice cream to eat.

Mr. and Mrs. O. L. Thomas were visitors at Parker's Sunday.

Swansburg ball nine crossed bats with Whitefish nine Sunday on Bowman's field. The score was 6 to 13 in favor of Swansburg. Then Jenkins challenged Swansburg which game was a tie, 5 to 5.

Bill Hollensburg is working in the river.

YOU CAN'T EAT APPETITE POOR

Multitudes of people lose their appetite. Simply don't care for anything to eat. The dinner bell has no interest to them. They loathe their breakfast. They may nibble a little of this and a little of that, but they do not care for it.

Lunch has lost all of its charms, although they try to eat something. Dinner about the same.

There is something positively wrong, of course, but no disease that can be named. Just out of sorts. That is all.

It is in this kind of a condition that Peruna acts very beneficially.

After using Peruna, interest in food is revived. Beginning with a teaspoonful of Peruna before each meal will generally quickly improve the appetite and help the digestion.

Thousands of people can testify to this. Liberated from a slavery that is almost unbearable. The slavery of having no interest in life. All used up. Yet one does not know exactly why. Take Peruna before each meal. Skies will get blue again. Fields will look green once more and life will be pleasant. You will feel that you are good for something and the world is a good place to live in. Peruna will do it. Not as an artificial stimulant. Simply a tonic that stimulates appetite in a natural way.

Those who object to liquid medicines can now obtain Peruna Tablets.

Candidate for Representative from Crow Wing County

I respectfully solicit the support of voters of Crow Wing county at the primary election to be held June 16, 1914, and if nominated and elected, I pledge my best efforts to the honest and efficient service of the people of my county and state.

I advocate and if elected will support: Legislation for greater state aid for roads and bridges.

Any legislation that will help compel proper business-like economy and increase the efficiency of administration of the state's business affairs.

I believe firmly in the rule of the people and if elected shall support every measure which may tend to increase the power of the people in state government and all measures which may tend to the betterment of conditions in rural communities.

Yours very truly,
EDWARD R. SYVERSON,

CANDIDATE FOR SHERIFF

I hereby announce myself as a candidate for sheriff of Crow Wing county and respectfully solicit the support of all voters at the primary election to be held June 16, 1914, and if nominated and elected I pledge my best efforts in serving the people of the county.

I have been a resident taxpayer of this county for 24 years, previous to which I served five years in the U. S. regular army, as sergeant of Co. B, 10th infantry, where I received a military training that will, I believe, be a valuable aid in performing the duties of the office, which I feel confident I can perform efficiently and satisfactorily, if elected.

Respectfully,
ERIK KROHN.
